Building B
4849 Wright Road
Houston TX 77032

May 17, 2005

To Whom It May Concern:

This letter is to introduce and document Continental Airlines business relationship with Logistics Group International, Inc. (LGI).

LGI is an outstanding logistics company. I have tendered hundreds of loads to this company and their performance has exceeded our expectations. Continental Airlines strives for excellence and reliability is a corner stone of our Go Forward Program.

The staff at LGI is experienced and responsive to our needs. LGI has always been competitive and unique in their ability to cover loads regardless of the unusual characteristics of some of our shipments. Our experience with Ann Sutherland has been extremely beneficial to us. Our dealings with Stephen P. Day and other members of his staffing has also been a good experience.

We consider LGI as a preferred carrier and intend to expand our business in the future.

Sincerely,

A handwritten signature in black ink that reads "Donald L. Beyette". The signature is written in a cursive style with a large initial "D".
