

# OVERNIGHT SOLUTIONS, INC.

AN INNOVATIVE AIR LOGISTICS SERVICE

A HOUSTON 100 COMPANY

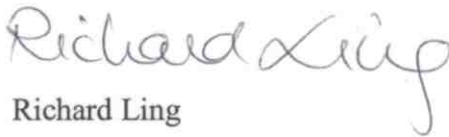

December 7, 2004

To whom it may concern:

LGI was recommended to us a couple of years ago when a customer of ours had 2 days to deliver a truckload of material from Alvin, TX to the East Coast. LGI found us a truck and had it loading within an hour or two, and our customer was able to make his deadline. Since then we have used LGI for all our FTL shipments, wherever they originate in the US, since they have good nationwide contacts and can find us a truck faster than any other freight agent we know.

Anyone needing a more detailed reference can call me at 713-802-2773.

Sincerely,

Richard Ling
